There are some logs i just cant find for my druid and hunter im thinking due to faction swaps/server swaps because there have been a few lol. Also the reason for parses being pretty awful for resto druid in mythic is because when I had joined my guild I am in now I joined with them full well knowing I didnt want to raid progression til BFA but they still dragged me in which is why i practically sat there and half assed a bit lol.

Outline your relevant raiding experience, including the guilds you were in previously and why you left them. *

Mythic ToS 5/9 (Holy Priest/MW Monk), Mythic AtBT 7/11 (Holy Priest, MM Hunter, Resto Druid)

Holy priest was in 2 different guilds in ToS prog, the first 2 of the 3 I left because of other players competency/leaders lack of discipline when it came to people constantly fucking up mechanics. The reason for leaving my Guild I ended ToS with was because I had a dispute with how something was handled and was speaking to the GM who I was really close with about the issue in a discord channel and then one of the Officers (who everybody disliked because he was a dick) jumped in and just started shooting off on me talking shit and that was the straw that broke my back at that time and i told the GM fuck this I'm out and gquit (still regret doing so, I should have handled the situation more calmly)

Had gone to CTRL ALT ELITE after that where we hammered out normal and heroic day of and day after AtBT launched, at the end of clearing heroic the day after there was a memeber who had harrassed me a bit the first night again started whispering me talking shit along with claiming to be a healing officer and I ended up telling the GM I had to take a break from wow because IRL stuff (since I was so new, I wasnt going to go running to the GM about one of his members which I was under the impression actually WAS a healing officer because I didnt want to start drama and decided cutting my losses was the best option to cause the least amount of impact on me and them) and after that happened the ACTUAL healing officer reached out to me asking if there was actually a different reason I had left from the reason I gave the GM and I said well yeah there was this memeber who i guess was a healing officer that kept giving me shit for no reason and being insanely dickish about dumb shit and sexist AF - then thats when he said to me that he figured that guy was the real reason because he had actually driven out 3 women previous to me of the guild and that he legally irl has many domestic abuse charges etc and just has it out for women especially in the game.

After CTRL ALT ELITE I joined Benevolent and started mythic progression, their healing officer was a fucking retard and i was sick of playing the braindead spec of Holy priest so much so that raiding became a chore and was starting to ruin the game for me so i wanted to DPS (cuz I disliked Disc at the time) on my hunter I had been gearing but they refused to even ask if any of the dps were interested in going heals and said there was just flat out no room for me unless i was healing on my holy priest soooooo i said kbye

joined unbound chaos on my hunter, did mythic progression on kin for a while, then took a break after that from mythic progression which is what led me to tinkering around with my last toon i didnt have at 110 - my resto druid, which was alliance on Stormrage (hence why it was

my last toon i didnt have at 110 lmao) - but I ended up falling inlove with playing resto. Got some gear, joined a 10/11M guild that had actually fallen apart and were REprogressing on bosses starting at imonar because almost all core memebbers dropped or just stopped raiding til end of the expac and I refused to reprogress on bosses I had already killed even if they were nice enough to take me at around 952 ilvl at the end of the expansion when everybody was at least 20 to 25 ilvls higher than me, i just didnt have the patience this late in the game to reprogress mythic bosses.

After dicking aroundn with some little heroic gyuilds after that deciding i was taking a break from mythic progression til end of expac I decided to bring my Druid home to Horde and server/faction swapped it to illidan after taking time to do some trials on guilds recruiting for resto druids on diff servers before deciding on the realm transfer. As I stated in the warcraftlogs section - they knew i wasnt looking to push mythic but they dragged me in anyway (pretty sure because they enjoy making me miserable lmao :P) so I sat there and half assed the bosses. And thats it.

SORRY ITS SO LONG I HAVE A COMPLICATED PAST :'(

What resources do you use to keep up with your class? *

Class discords, twitch streamers, warcraftlogs to see best ran talents/legendaries/gear, etc. Basically everything.

Provide a screenshot of your UI in a raid environment. *

i no has. im applying from work LOL

Why do you want to join Potent? What sets you apart from other players? *

Feel free to brag as much as you want. If you're good at something, tell us.

I will in no way say Im the best mythic raider nor even in the top percentage of players. But I am a quick learned, I'm versitile in the classes and specs that I am able to avidly play and play well. If I'm confused or dont understand something I try EVERYTHING humanly possible to try and reach out or find information to help me understand so I can correct what I'm doing wrong because I don't understand. Also, I'm a sarcastic ass person with a kinda dark sense of humor. I have thick ass fucking skin and it takes A SHIT TON to actually upset me or slightly hurt my ego. And if you cant tell already by reading so far, i have a filthy fucking mouth lmao.

How did you hear about Potent? *
